For/Against Object

I object to the above development going ahead on the grounds of: where's the infrastructure to support all this extra housing? The increase in pollution, destruction of the countryside, dreadful traffic jams. Loss of trade to local businesses. Where are the schools, Doctors, hospitals, jobs to support all this extra housing? You have to leave an hour earlier if you are to arrive at your place of work, appointment, destination on time. The traffic that runs down both Coneyburrow Lane and Sandhurst lane at peak times is a dangerous menace. People drive at 60 mph down these lanes.

Has anyone thought this through at all, we, as local residents feel powerless that we are given no say. We are the ones who have to put up with all the inconvenience and threat to health from all the extra traffic and pollution.

Thank you.
